

**The purpose of the Trek program is the same as the entire AWANA program and that is to reach out to the 7<sup>th</sup> and 8<sup>th</sup> graders and share the Gospel with them. We go through a book series that takes the student through the Bible explaining how the Bible is divided into sections, the culture of the times and how it relates to us now. We also have some pretty intense game times, that help let out some energy. Games are varied and we learn some new ones along the way. We also take some time to go through the clubbers books to see how they are picking up God's word and storing it in their hearts. The clubbers are rewarded with Trek Bucks as lessons in their books are completed. Trek Bucks can be used toward going to summer camp or purchasing some fun items in the AWANA store.**
